Your 'Out-of-Pocket' amount is the difference between your 'Total Amount' and the Rebates that you receive.

Your Fee Estimate contains only an estimate of your rebate and the actual amount from Medicare and your Health Fund may vary.

Please be advised that there may be adjustments to your Fee Estimate if Dr Tan-Gore determines that it is in your best interests during surgery. She will have advised you of this during the Consent process.

Please be advised that Dental Procedures do not attract a Medicare Rebate, and some Dental Procedure do not attract Health Fund Rebate.

Once you have received your Fee Estimate, Dr Tan-Gore advises that you contact your Health Fund to determine your level of cover.
